BLENDED INTENSIVE PROGRAMME: DIGITAL SOFT SKILLS FOR EDUCATORS

UNIVERSITÉ CÔTE D'AZUR

The Blended Intensive Programme (BIP) on Digital Soft Skills under the Erasmus+ program offers a unique opportunity to enhance essential digital competencies for educators. This comprehensive program combines on-site and online learning experiences, promoting interactive engagement and collaborative skills development. The BIP circles around four themes related to Digital Soft Skills: "Developing Me," "Engaging with Others," "Acting Now," and "Creating the Future." See more details about the programme in the next page.

Target participants: Educators of Higher Education Institutions

Date: Online: 1 - 16 June **On-site:** 17 - 21 June 2024

Animators: Instructional Designers Djibril Dieng & Jonathan Reyes, Université Côte d'Azur.

Modality: Blended. MOOC, online meetings and on-site activities.

Duration: 46 hours.

Place: Online - Nice, France.

Online mobility:

- MOOC (9 hours) - Synchronous meetings (3 hours)

Physical mobility:

- 5 Days

Programme highlights

Participants will engage in online meetings, a Digital Soft Skills MOOC, and on-site activities. Throughout the program, educators will follow activities that tackle digital soft skills required to excel in today's interconnected world and how to apply them in their teaching practices.

An overview of Digital Soft Skills will be given to participants through an **introductory MOOC** which covers the basics of the topic. After completing it, participants should be well prepared to move on to the on-site contents.

The BIP grants Open Badges as a testament to the knowledge and expertise gained during the program.
